

Award Sheet Supplement Contract No: 9217-2/25
EMERGENCY MANAGEMENT HOMELAND SECURITY PROFESSIONAL SERVICES

Solicitation Instructions

- 1 **Contract Review:** Review Contract 9217-2/25 to thoroughly ensure that the responsibilities of both vendor and the county are fully understood and incorporated into the Request for Quote (RFQ) or Work Order Proposal Request (WOPR).
- 2 **Local Preference:** A 10% Bid Preference will apply whenever a competitive Request for Quotation process is initiated (in accordance with Section 1.10 of the General Terms & Conditions).
- 3 **Bid Preference:** In accordance with Sect. 2-8.1.1.1.1 of the Miami-Dade County Code, RFQ's valued up to \$100,000 will be set-aside for Certified Micro Business Enterprises where availability exists. The Small Business Enterprise (SBE) Bid Preference will apply to Certified Micro Business Enterprises responding to RFQ's valued up to \$100,000 and to Certified Micro and SBE Business Enterprises responding to RFQ's valued in excess of \$100,000.
- 4 **Request for Quotations:** Pre-qualified Pool members will be invited to participate in a Request for Quotations process for requested services **when price is the only criteria**. If the quote is accepted and within the guidelines established, the department will issue a purchase order to the selected vendor. All vendors who successfully prequalified for the group in question must be invited to participate.
- 5 **Work Orders:** When the need arises for pre-qualified Pool members with **specific experience**, members will participate in a Work Order process. The County will prepare a scope of work and provide the Pool members with information regarding the selection process and response requirements, potentially to include written proposals and/or oral presentations. Recommendations for Work Order awards will be competitive, generally based on quality and/or price. The County may negotiate each Work Order award or may award a Work Order on the basis of initial offers received. If specific certification is required for a particular project it must be requested when the Work Order process is initiated and reviewed to ensure validity.
- 6 **User Access Program:** Please ensure that any Request for Quotation or Work Order indicates that the 2% User Access Fee is applied where permitted by the funding source (per Section 2.21 of the contract).
- 7 **Certification:** If specific certification is required for a particular project or exercise, please ensure that this requirement is clearly stated on your Request for Quotation or Work Order. Please request and review copies of certification to ensure that they are valid.
- 8 **Insurance:** When awarding work, always request a copy of the awarded vendor's insurance certificate to verify compliance with insurance requirements per Section 2, Para. 2.11 of the contract.
